If a student leaves George Washington University (GWU) for emotional/mental health reasons, The Mental Health Services (MHS) becomes involved in reviewing the student’s progress since the withdrawal and readiness to cope with the demands of college life. This checklist is intended to assist you in the process of returning to GWU.

DUE DATES: To ensure adequate time for the review of materials, it is recommended that you begin the process at least three (3) weeks prior to pre-registration or six (6) weeks prior to the start of the semester in which you wish to return. Please note that requests received once classes begin will be reviewed only for the following semester.

Your request to return will not be reviewed until all documentation and recommendations are received by Mental Health Services. The final decision regarding your return is made by your Director of Advising and/or the Academic Dean.

Documentation needed to begin the return process:

A. Letter petitioning for your return to Mental Health Services. This letter must include the following:

1. How you have addressed the issues that led to the need to withdrawal.

2. All treatment that you have received.

3. Copies of transcripts showing any grades you have earned since your withdrawal.

4. Other activities demonstrating your readiness to complete academic coursework (e.g. consistent employment).

5. Activities/experiences which demonstrate your readiness to live independently in the residence halls without supervision or oversight by GW staff (if seeking on campus housing).

6. Activities/experiences which demonstrate your ability to handle college life (e.g. peer pressure, deadlines, etc.)

7. A plan of action for your return (counseling services, medical treatment, family support, reduced academic load, etc.)

8. Your current address and telephone number.
B. Letter from a licensed mental health provider(s) who provided treatment during your leave. A separate letter from each provider is needed. The provider must NOT be a family member, relative, significant other, or family friend of the student; the nature of the provider’s relationship must be entirely professional in nature. To maintain confidentiality, the letter(s) can be placed in a sealed envelope and mailed to “Clinical Services Coordinator, Mental Health Services”. The letter(s) must include the following:

1. The provider’s name, address, and telephone number

2. Diagnosis and treatment modality used

3. Number and frequency of sessions including the dates of the first and last session. Note: Students are required to complete a minimum of eight (8) sessions of psychotherapy.

4. An assessment of the student’s ability to manage or cope with the issues which led to the withdrawal.

5. An assessment of the student’s ability to handle college life (e.g. academic pressure, peer pressure)

6. Activities/experiences which demonstrate the student’s readiness to live independently in the residence halls without supervision or oversight by GW staff

7. Follow up recommendations (e.g. reduced academic load, continued counseling, etc.).

C. A signed Release of Information (ROI). The ROI should include the name of the Director of Advising at their respective college/school, and the name of the treatment provider(s) supplying documentation on their behalf.

A MHS staff member will review and evaluate the submitted materials for “sufficient evidence” indicating the student has adequately addressed the concerns that led to their withdrawal. Sufficient evidence includes but is not limited to:

- Verification of a minimum of 8 sessions of psychotherapy
- Endorsement from a licensed mental health professional(s) that the student’s symptoms are in remission or can be realistically managed in this academic setting.
- Activities demonstrating readiness to return.
- Plans for return that are comprehensive and realistic.

Please send or fax the above documentation to:
